

We affirm this meditation healing circle as an answer to our own call to live a spirit-filled life. We acknowledge the presence of love, strength and peace and we have faith in its power to guide, bless & heal.

We affirm the profound effects of joining together with a common interest as we remember your teaching; "If two of you on the earth agree about anything you ask for, it will be done for you by our Father in heaven. For where two or three are gathered, I am there in their midst."

We affirm the important role everyone plays in our awakening. We honor and are grateful to all who hear the call and answer it through willingness to dissolve blocks, embrace their spiritual nature and let it express through them out into the world.

We affirm that through our joint willingness to reach inward to encounter Spirit, we strengthen our connection, transcend ego belief patterns and receive new insights, spiritual answers and healing which benefits everyone.

We Ask Only This....

Divine Creator, Source of all Creation

We ask for purity of mind, for growth in our spiritual awareness, for inner strength, and to remember that Love is what we are and what You are.

We give our faith and devotion to what is true and ask for freedom from all that is untrue.

We acknowledge that when we are healed we are not healed alone and so we receive tonight on behalf of everyone.

Bless us with clear thinking, memory of our truth and wisdom to guide us home.

Amen

Closing Prayer- "I am..."

I am in the presence of spirit. This presence is all about me. It is the air I breathe. It is all I see and know. This presence is like that of a true friend, for in knowing every impulse it loves me still.

This calm and peace within is my center of the universe. It does not change. This peace extending through me is a continuous vibration of peace which is sensed by everyone I contact and consequently my presence blesses all. As I give forth this vibration of peace the world is saved from all effects of the belief in sin.

having moved past the cloud of guilt and sought the truth of God's Creation, I now go forth, strengthened and renewed in body and mind, for this peace of the spirit within me is a reality; it abides with me at all times. I am guided by infinite intelligence in all that I shall do or say as the Spirit extends the miracle to bless us all.

Amen
